To

The Addl: Director,
FIA cybercrime security,
Peshawar. Khyber Pakhtunkhwa,

SUBJECT: **REQUEST FOR ACTION REQUIRED TO STOP FAKE RECRUITMENT ADVERTISEMENTS**

Dear Sir,

I am directed to state and to bring to your immediate attention a serious issue involving the proliferation of fake recruitment advertisements purporting to be associated with Rescue 1122 Khyber Pakhtunkhwa. These fraudulent advertisements are not only misleading job seekers but also tarnishing the reputation of the Rescue 1122 and posing significant risks to personal data security.

In recent weeks, we have observed a surge in such deceptive advertisements on various online platforms, including social media, job portals, and even through direct email solicitations. These advertisements often request sensitive personal information from unsuspecting applicants and sometimes even demand upfront payment for application processing, thereby exploiting and defrauding the public.

Given the gravity of this issue, I urge the Cyber Crime Wing of the FIA to take immediate and stringent actions to identify, investigate, and shut down these malicious activities.

The focal person will be Mr. Niaz Ali AD communications. Thanking you in anticipation.
